THE LIVESTOCK

INDUSTRY

The livestock industry, it seems, is due for increased activity in western Canada. The newest plan for assisting the livestock industry on the prairies is the Dominion Agricultural Credit Association. Recent outlines of their scheme was given in last week's issue of The Mail.

There is here has been much talk of the benefits of mixed farming and the raising of livestock instead of wheat. While this is true, the mixed farmer has not yet been able to realize that the raising of livestock requires the growing of grain and hay to feed the stock, and in a large part of the wheat area it is just as easy to raise wheat as grain to be used for feed, and what may be raised wheat is a hay crop would be a failure.

And although stock raising is not applicable to a large area of the wheat belt, there are certain areas in southern Alberta that are most suitable for this branch of agriculture. The C. P. R. irrigation block in one such district.

Land under the altch can raise good hay, green feed, and root crops, suitable for stock. There is also an abundant supply of water, and the development of the livestock industry in the area is a matter of time.

The livestock loan plan sponsored by the Dominion Agricultural Credit Association is a plan which will help farmers in the irrigated area. It is a plan which will help farmers in the irrigated area. It is a plan which will help farmers in the irrigated area.

The Moron:

A clever old gentleman, in dictating an indecent letter, said, "I am a philosopher, being a lady, can't take down what I think of you; I think a gentleman, cannot express his love better without, can really divine it."

There are two major awards to be given, first being a beautiful Ford Tudor Sedan, while second is a trip to California. There are four other smaller cash awards.

Young Lady Quizzes Campaign Manager

Have you ever had questions fired at you so fast that you hardly have time to answer them?

That's what happens to a campaign manager almost every day and he will answer dozens of such and so like questions as fast as he can. I want you to be one of them.

For instance, there came to the Mail campaign office, a young woman who wished to enter and compete for the valuable prize to be awarded on Wednesday, March 14.

"You, indeed," replied the campaign manager. "You see, I want you to be one of them."

"Can I win that Ford Tudor sedan or the Trip to California?" she inquired.

"Yes, most certainly can. That is, if you get the largest number of credits."

"And does it make any difference where I live?"

"No difference whatever."

"Well then, tell me what must I do to win, and she moved her chair, leaning forward."

"That's easy. All you have to do is to see your friends and acquaintances and get them to subscribe to the Mail through you. The idea is to induce them to pay for you, either one, two or three, or five years' subscription in advance. That is all there is to it."

"How much does each subscription cost?" she asked.

"I haven't time to enter details in my mind," she eagerly inquired.

"This depends entirely on the length of time the subscription is paid, which period same is received at the campaign department, according to the printed schedule."

"And," continued the campaign manager, "there are literally hundreds of people who would be only too glad to have someone come and get their subscriptions, thus saving them the bother of bringing it to the office, if but properly approached in this matter."

The young woman drew a deep breath and resumed, "How many prizes will be given?"

"There are two major awards to be given, first being a beautiful Ford Tudor Sedan, while second is a trip to California. There are four other smaller cash awards."

"Excuse me, that is a lot of money, but what will happen if I should think better of it?"

"Every active worker receives 25 per cent of every dollar they collect. And, last, but not least, if you collect, you will win a Ford Tudor sedan or a trip to California."

That, they receive this every Saturday night.

"Well, how will all of these prizes be awarded?" she asked.

"The Ford Tudor sedan will be given to the one securing the largest number of credits, regardless as to where he or she may reside in the territory covered by this campaign."

"The trip to California will be awarded to the one securing the second largest number of credits, and the other prizes will be awarded in the same manner."

"Oh, yes," she said, "I have heard of this before, but I don't know how to get it."

"The others will be one of the prizes! And I can't lose for I will win something anyway. Well, that certainly is fair enough."

"You'll think I'm asking a lot of questions, but I want to understand everything and here's another, may I take subscriptions anywhere that I can get them?"

"Why certainly. You are not restricted in any sense so far as territory is concerned. Get them anywhere you can and it is a 'New subscription' you receive. Double Credits."

"Well," she said, "guess I'll start now. Give me a couple of those little report books. Thanks. Goodbye."

"Yes, most certainly can. That is, if you get the largest number of credits."

"And does it make any difference where I live?"

"No difference whatever."

"Well then, tell me what must I do to win, and she moved her chair, leaning forward."

POPE LEAVES VATICAN FOR THIRD TIME

VATICAN CITY, Jan. 18.—Pope Pius XI. has made his third trip outside the walls of the Vatican city, this time literally treading the streets of Rome.

Notwithstanding the importance of the event—only twice before in 61 years has a pontiff emerged from the Vatican premises—it remained unknown to the general public for many days.

ALBERTA'S NEW GAME ACT MAY BE POSTPONED

EDMONTON, Jan. 18.—(C.P.)—Whether or not the new game act will be introduced at the approaching session of the Alberta legislature is now under consideration by the government.

The act was tentatively agreed upon as a uniform law, with some minor divergencies for the three prairie provinces, but it is understood that in both Saskatchewan and Manitoba some difficulties in the way have arisen, and the measure will likely be held over in those provinces.

There is a fair chance, however, of Alberta deciding to go on with the proposed legislation alone.

CONDITIONS CONTINUE TO IMPROVE, BEGINNING OF BETTER TIMES SEEN

Marked Improvement Goes On Two Months After Britain Goes Out Basis

TORONTO, Ont., Jan. 18.—In a copyrighted claim from London by Harry Van Patten, the Toronto Globe says today:

"The golden tide has begun to turn. Two months after Britain went out of the gold standard it can be said that the improvement which set in almost at once has not alone maintained itself, but that conditions are unquestionably improving all along the line."

"Many authoritative observers, in all walks of life who viewed the first slight improvement with considerable trepidation, believing that such a condition would prove an ephemeral flatter, now feel their confidence returning and have reached the conclusion that this is the beginning of better times all over the world."

"The fact that more than half of the 1931 wheat crop was harvested in Alberta and the abundance of ocean tonnage offering at favorable freight rates, will cause the large proportion of export shipments during the present winter being moved via Vancouver."

"This is undoubtedly due to the lower cost for transportation and handling cost between the country elevator and the importer via the Pacific ports at this season of the current year."

25,000 EXTRA CREDITS

For every five-year subscription or its equivalent turned in during your first week of the "Weekly Payroll" campaign, 25,000 extra credits will be given. Get on the payroll today. Come and investigate this new plan or telephone 19 and we will call on you and explain the details.

PLAN IN BRIEF

The object of this big "Weekly Payroll" Drive is two-fold. Primarily, to increase the already large subscription list of this newspaper; to collect arrears and advance subscription payments from present or old subscribers, and at the same time to afford the live-wire, energetic man and woman, boys and girls, of this territory an opportunity to profit in a big way through their spare time during the next few weeks. So, it is a plan that works both ways, and to the ultimate good of all concerned.

In order to gain this end quickly and advantageously, the most attractive awards ever offered by any newspaper in this section have been made ready for distribution among those who participate most actively. Ambition and energy are the only requisites for success.

Let it be understood at the very outset that this is not a "beauty" nor "popularity" contest, but a strictly legitimate competitive proposition for enterprising men and women, and one into which no element of chance enters. Each active participant will receive a pay check every Saturday night. One feature of this drive is the fact that "Everybody Wins." There will be no losers.

HOW TO ENTER—WHAT TO DO

The first thing to do is to clip the Entry Coupon appearing below; fill in your name and address and mail or deliver to this newspaper at once. This coupon entitles you, or the person whom you might wish to enter, to 5,000 free credits. These credits are given as a starter to speed you on your way to win. Only one such Entry Coupon will be accepted for each participant.

The next step is to call or write the "Weekly Payroll" Department for a free working outfit. Thus equipped, you have but to see your friends and acquaintances and have them subscribe to this newspaper through you. That's all there is to it! However, you will never get anywhere unless you make the start—the earlier the better. Once started, let no one discourage you. Anything worth having is worth striving for. Six and a half short weeks and you may be riding in your own big automobile or otherwise several hundred dollars richer in purse.

HOW CREDITS ARE SECURED

It takes credits to win, and they are secured in the following ways: First by clipping the Free Credit Coupons appearing in each issue of this newspaper. There is no limit to the number of these coupons you may secure. Get your friends to save them for you. They all count. Begin gathering them NOW while they are good for 100 credits each. After next week these coupons will be reduced to 50 credits each. The following week to 10 credits, and after that they will be discontinued entirely. The only restriction placed on these coupons is that they must be cut before the expiration date.

The other, and much faster way to accumulate credits in this "Weekly Payroll" Drive is by securing new and renewal subscriptions to this newspaper. On each order secured credits are issued, the number varying according to the amount paid and during which "period" same are received at the "Weekly Payroll" Department of this newspaper. (See schedule of credits below.)

EARLY START MEANS EASY FINISH

The advantages of an early start are manifest. This "Weekly Payroll" drive is of such short duration that immediate action is necessary for success. Orders taken during the early part of the campaign carry the MAXIMUM number of credits. Then, too, the first in the field will undoubtedly get the "cream" of credits and subscriptions, while those who put off entering until a later date will have to take what is left.

Don't lose valuable time "waiting to see what the other fellow is going to do," but pitch right in and show the "other fellow" how to do it!

Schedule THE BASSANO MAIL and Subscription Price of

FIRST PERIOD	SECOND PERIOD	THIRD PERIOD
During the first five weeks the following number of credits will be issued on subscriptions:	During the next two weeks the following number of credits will be issued on subscriptions:	During the last week the following number of credits will be issued on subscriptions:

DOUBLE CREDITS ISSUED ON NEW SUBSCRIPTIONS DURING FIRST AND SECOND PERIODS ONLY

The above schedule of credits, which is on a declining scale, positively will not be changed during the campaign. It is a definite plan, and it is to be maintained throughout the entire drive, and is to be considered a part of the regular subscription price. This newspaper makes no claim to be the only one in the territory to offer such a plan. It is a plan that works both ways, and to the ultimate good of all concerned. It is a plan that works both ways, and to the ultimate good of all concerned. It is a plan that works both ways, and to the ultimate good of all concerned.

RULES AND REGULATIONS

1. No salaried employee of this newspaper is eligible to enter this competition.

2. Any reputable man or woman residing in this city or surrounding territory is eligible to enter this drive and compete for awards and weekly pay checks.

3. The winners of the awards will be decided by their earned credits, said credits being represented by ballots issued on cash collections and coupons clipped from this newspaper.

4. Participants in this drive are not confined to their own town or community in which to secure subscriptions, but may take orders anywhere in this section; or, for that matter, anywhere else.

5. Credits are free. It costs the subscriber nothing extra to cast credits for a favorite participant. Credits must be asked for at the time of paying subscriptions, otherwise subscribers waive this privilege.

6. Credits are not transferable. Participants cannot withdraw in favor of another participant. Should a participant withdraw from the race, his or her credits will be cancelled. Neither will it be permissible for participants to give or transfer subscriptions to another participant. Credits on such transfer subscriptions will be subject to disqualification at the discretion of the management.

7. Any collusion on the part of participants to nullify competition, or any other combination formed to the detriment of "Weekly Payroll" participants or this newspaper will not be tolerated. Any participant taking part in such combination stands liable to forfeit all right to a prize or commission.

8. All credits issued on ballots may be held in reserve and cast at the discretion of participants or this newspaper. The free credit coupons appearing from time to time in the paper must be cast before the expiration date.

9. In event of a tie for any one of the awards, a prize identical in value will be given each tying participant.

10. Participants in this drive are authorized agents of this newspaper, but it is understood and agreed that they will be responsible for all money collected and will remit such amounts in full on regular report days to the "Weekly Payroll" Department.

11. No statement or promise made by any representative or participant varying from the rules and

statement appearing in the columns of this newspaper will be recognized by the publisher.

12. In case of typographical or other errors it is understood that neither the publisher nor "Weekly Payroll" manager shall be held responsible except to make the necessary correction upon discovery of same.

13. ACTIVE participants will be paid a twenty per cent cash commission (\$1.00 out of every \$5.00 collected) on all subscription money turned in to their account each week. It is distinctly understood, however, that in the event any participant becomes INACTIVE, failing to make a regular cash report, he or she will, at the discretion of the management, become disqualified and thereby forfeit all right to an award or an extra commission.

14. It is understood and agreed that the winners of major awards will consider their weekly pay checks in the light of an "advance," which is refundable upon presentation of prize.

15. To insure absolute fairness in the awarding of prizes the race will be brought to a close with a sealed ballot box. During the entire last "period" of the drive a ballot box—locked and sealed—will rest in the vault of a local bank, where participants and their friends may deposit their final collections and reserve credits. In this way, no one—not even the Campaign Manager—can possibly know the actual strength of the various participants, which precludes any possibility of favoritism and insures fairness to the minutest degree.

16. Twenty-five thousand credits will be given each worker for every 5-year subscription or its equivalent turned in during said first week of the campaign, and during the "last" week of the drive, half as many extra credits will be given on same basis.

17. To each "Weekly Payroll" participant who earns as much as \$50.00 during their first week of the campaign, this newspaper will give an extra bonus of \$25 cash.

18. Five thousand extra credits will be given to each participant who makes a cash report each Tuesday, Thursday and Saturday night.

19. This newspaper guarantees fair and impartial treatment to all participants, but should any question arise, the decision of the management will be absolute and final.

20. In becoming a member of this "Weekly Payroll" campaign participants agree to abide by the above conditions.

PRACTICAL RECIPES

Current Custard
Make a baked custard using two fresh eggs to one pint of milk. Add a handful of clean, plump currants to the custard, in a few more minutes and put in a slow oven and bake to get cold before serving.

Sour Cream Cake
Two eggs, one cupful sugar, one cupful thick sour cream, two cupfuls flour, half teaspoonful vanilla, two teaspoonfuls baking powder, quarter teaspoonful salt, half teaspoonful soda. Gradually beat the sugar into the eggs which have been beaten until very light. Stir the soda into the sour cream and stir rapidly until foamy. Add the beaten eggs and sugar mixture and the vanilla. Add the sifted, dry ingredients stirring until smooth. Bake in a hot pan in a moderate oven from forty-five to sixty minutes.

Perfection Turnips
Pare and cut into dice some "tin trained, mild flavored turnips, and cook them until tender in boiling water. Add a little salt during the last part of the cooking, drain carefully, and to each pint of diced turnips add one tablespoonful of butter put on the lid and stand at the back of the stove until the butter is absorbed. Just before serving pour over them a small cupful of highly seasoned white sauce. Combine carefully and serve very hot. These turnips will have an unusual flavor on account of stewing them in butter.

TO ENGINEERS
I taste of tunnel benefits
And ride in darkened trains
Among the mountain cancelled
rods
I reach the ether plains
I know the surety of a bridge
Plung over a sharp height
Havens have been craned, that I
May cross them in the night.
But so have words made ways for men
Where no way was before.
Cut landings in the rock and dried
The swamps to a firm floor.
In trepidation with the hills
Suddenly I have known
From craggy cliff to precipice
Suspension bridges loom—
Then over sentences I passed
Safe into promised land.
I bless their ingenuity
Who made me understand
Who rule across the wastes of
thought
A narrow, certain lane.
And open their blue clearings
In the jungle of the brain.
—Robert T. Swartz, in Saturday
Review of Literature.

More bull moose were taken than ever before in the history of Nova Scotia during the 1931 season for big game hunting. A total of 1,667 being reported.
An iron casting weighing 12,000 pounds, stated to be the largest ever made in Canada, was turned out recently at Sydney, Nova Scotia.
